

Collaborations in s/w development projects

[SkarkouGR](#) : Development and Deployment of a Personal/Professional Website

Analysis, design, development and deployment of a personal/professional website for music & sound technology. Developed entirely in Joomla CMS and custom PHP/JavaScript/CSS coding (2008).

[ArtMusicMedia](#) : Development and Deployment of a Commercial e-Business Website

Analysis, design, development and deployment of a commercial e-Business website for on-line music ordering and sales, for a company specializing in custom orchestral music for the cinema and advertising. Developed entirely in Joomla CMS and custom PHP/JavaScript/CSS coding (2008). The website is currently offline due to changes in company's policies (product distribution).

[ΚΗΠΙΖΟΝΤΑΣ](#) : Development and Deployment of a Company's Presence Website

Analysis, design, development and deployment of a commercial website for a company specializing in landscape architecture. Currently under development, entirely in Joomla CMS and custom PHP/JavaScript/CSS coding (2009-2010).
